# Total Per Capita Policing Costs

AMO @AMOPolicy · Jan 18

The Town of Caledon is standing by its [#doublehatter](#) volunteers, for the sake of all double hatters across [#Ontario](#):

We are full time firefighters who also volunteer within our own community.

Our union has charged us with being double hatters - a term used to describe firefighters who are employed with a municipality full time and also volunteer in their home towns.

Many of these towns do not have the financial means to hire full time firefighters.

The money will be used to help promote the case and pay for legal fees to fight this issue within the courts.

Any money not used will go to the SickKids Hospital burn unit.

We believe that our skills can be and should be used to help people in emergency situations as a full time firefighter in the town/city we work in and as a volunteer firefighter within our community.

Your support would help us to continue to serve those in our community.

Help spread the word!
